## - GUARANTEE -

The bicycle you have purchased has been carefully assembled and lubricated by expert bicycle mechanics. If you exercise normal care, it should give you many years of fine service.

You will receive free service on this bicycle for one year. Your guarantee covers ALL labor and material for ALL repairs and adjustments not caused by an accident. Tires and tubes are not guaranteed against punctures, but are guaranteed for thirty days against factory defects.

To get better and longer service from your bike we suggest that you return it to us at the end of ninety days for a complete overhaul, tightening and lubrication.

If you have a bicycle with a three speed gear unit, this is doubly important, since a re-calibration will be necessary at this time. This service is also free.

Dynohub lighting system is not guaranteed.

No parts will be exchanged under guarantee unless defective parts are returned.

Bikes bought unassembled carry no guarantee, except manufacturer's warranty.

Bring this certificate. No guarantee work will be done without it.

No repairs or adjustments will be made on Saturdays. Bicycles may be left on Saturday and picked up any other day.
