# RUDGE

## *Guarantee*

All RUDGE cycles and components, excepting Sturmey-Archer Hubs (for which see below), are guaranteed against defects of manufacture without time limit; no matter when such defect shows itself, we will replace the part free as long as the machine shall remain the property of the first retail purchaser. The only charge will be the usual charge for installation if any. This guarantee is subject to the conditions given below.

#### CONDITIONS OF GUARANTEE

The Manufacturers (Raleigh Industries Ltd., England) guarantee that all precautions which are usual and reasonable have been taken to secure excellence of materials and workmanship, but damage for which they make themselves responsible is limited to the free supply of a new part in exchange for the part of the bicycle which may have proved defective (at their discretion) or to the repair of the original part, and does not include cost of fitting. The purchaser shall not be entitled to any damage whatever save replacement of the defective part. This guarantee does not apply to defects caused by wear and tear, misuse or neglect. The employment of a motor attachment constitutes a misuse of the machine.

If a defective part should be found in any of our machines, it must be sent to us carriage paid, accompanied by an intimation from the sender that he desires to have it replaced free of charge under our guarantee, and he must also furnish us at the same time with the number of the machine, the name of the dealer from whom he purchased, and the date of purchase.

This guarantee does not include rims, tires and saddles, in respect of which the purchaser is referred to the respective manufacturers.

STURMEY-ARCHER variable gear hubs are guaranteed for one year subject to the same conditions as enumerated above.
